

400A Main Distribution Box Model

AI Overview

400A distribution boxes are high-capacity electrical panels designed for industrial, construction, and large-scale power distribution, offering robust safety, multiple outlets, and customizable configurations.

Overview

A 400 Amp distribution box is designed to manage high electrical loads safely and efficiently. These boxes are suitable for construction sites, industrial projects, outdoor events, and permanent installations. They provide multiple outlets, robust construction, and compliance with safety standards, ensuring reliable power distribution in demanding environments (SX Powercase, Bos Elektro).

Key Models and Features

- SX 400A Distribution Box
 - Factory-direct pricing with customizable options.
 - Designed for versatility in various environments.
 - Multiple outlets and robust construction for safety and efficiency.
 - Production time: 7-15 days, shipping varies by country .
-
- Bos Elektro Grande 400A Distribution Box
 - Portable solid rubber cabinet for high power outputs.
 - Main switch: 4-pole, 400A.
 - Multiple socket configurations: 63A, 32A, and 16A circuits with RCD protection.
 - Steel frame, impact-resistant housing, KEMA/DEKRA approved, compliant with EN 61439-4....
