

A Singaporean company that makes optical receivers

Overview

Zennoptic Pte Ltd is a Singapore-based company. Our core business is in the manufacturing of sub-assemblies for optical communication system, entertainment light system, projection, scanner, optical sensor, analytical system, medical applications, and other custom-made optical. Zennoptic Pte Ltd is a Singapore-based company. We offer a full range of customized optics elements and lens assembly to meet the needs of various industries Bonded polarizing beamsplitter prism. Germanium Windows 75*5mm. We're your go-to optical designer and precision optics manufacturer for a broad range of applications, including laser processing, medical laser treatment, security, machine vision, medical imaging, and consumer electronics. W OPTICS is a leading retail provider of innovative optical solutions, offering tailored vision care services, comprehensive eye examinations, and specialized Ortho-K fitting programs. Their commitment to personalized care and the latest products makes them a key player in the optics industry.
