

Austrian Electricity Meter and Distribution Box Manufacturer

AI Overview

Key Austrian manufacturers of electricity meters and distribution boxes include Steinbacher Energie, ETM Elektro Technik, and Elsta Mosdorfer, offering a wide range of certified distribution solutions for residential, commercial, and utility applications.

Steinbacher Energie

Steinbacher Energie is one of Austria's oldest manufacturers of meter boxes and distribution cabinets, providing both indoor and outdoor solutions. Their products include freestanding and flush-mounted cabinets, made from materials such as steel or polyester, with protection ratings from IP30 to IP54. They offer powder-coated finishes in standard RAL colors and provide solutions for low-voltage distribution and pre-metering installations. Steinbacher emphasizes sustainability and long-term reliability in their manufacturing processes, serving both private and utility sectors in Austria (Steinbacher Energie) .

ETM Elektro Technik

ETM specializes in low-voltage switchgear and distribution boards, focusing on efficient power distribution and system protection. Their products integrate circuit breakers, fuses, and monitoring systems to prevent overloads and short circuits. ETM's distribution boards are designed for manual and automatic control, energy management, and remote monitoring, making them suitable for large-scale commercial or industrial installations (ETM Elektro Technik)
