

Azerbaijan Tray Cable Tray Price List

AI Overview

Cable tray prices in Azerbaijan vary by material, size, and type, typically ranging from around \$5 per meter for standard galvanized trays to higher prices for specialized or larger configurations.

Price Overview

In Azerbaijan, metal and galvanized cable trays are widely used in industrial, commercial, and residential projects. Standard sizes, such as 100x60 mm wiring trays, are priced at approximately \$5.29 per meter, though prices fluctuate based on material quality, supplier, and order volume (CSC Energia Data) . PVC cable trays, such as 75x18 mm floor trays, are also available and may have different pricing depending on brand and specifications (Megaaz) .

Factors Affecting Price

- **Material:** Galvanized steel, stainless steel, and PVC have different costs, with galvanized steel being durable and cost-effective, while stainless steel is more expensive due to corrosion resistance .
- **Size and Configuration:** Larger trays or custom shapes increase the price. Open mesh, ladder, and solid-bottom trays have different manufacturing costs .
- **Market Demand and Competition:** Prices are influenced by local demand in construction, energy, and automotive sectors, as well as competition among suppliers .
- **Supplier and Delivery:** Local manufacturers like Jeetmull Jaichandlall offer tailored solutions and may provide discounts for bulk orders, while importers may add shipping costs
