

Belgian Fiber Optic Cable Manufacturer for Smart Buildings

AI Overview

Belgium hosts several specialized fiber optic cable manufacturers and service providers ideal for smart building applications, including Telcom, A-NET, Unifiber, OTN Systems, and Norden Communication.

Key Belgian Manufacturers and Providers

Telcom is a technical study office with over 30 years of experience in fixed and mobile telecommunications networks, including Fiber to the Home (FTTH) and other fiber optic solutions. They offer installation, network measurement, and fault detection services, making them suitable for smart building connectivity projects .

A-NET specializes in the installation of fiber optic cables and provides a comprehensive range of products and services, including Optical Network Termination Points and PON systems. Their expertise covers FTTH, floor boxes, and building distribution fiber optics, ensuring high-quality outcomes from installation to end-user connections .

Unifiber is a joint venture focused on developing a robust fiber optic network in Wallonia, aiming to provide high-speed, stable internet access to households. Their large-scale infrastructure experience can support smart building deployments requiring reliable broadband connectivity .

OTN Systems develops fiber optic networking products tailored to industrial and co...
