

Butterfly-shaped optical cable production line

Overview

The invention relates to the field of optical cable production, in particular to a butterfly-shaped optical cable production device which comprises a pay-off mechanism, an extrusion mechanism, a cooling and drying mechanism and a traction device which are sequentially. The invention relates to the field of optical cable production, in particular to a butterfly-shaped optical cable production device which comprises a pay-off mechanism, an extrusion mechanism, a cooling and drying mechanism and a traction device which are sequentially. It is used to produce butterfly-shaped optical cables, and the sheath material is LSZH low-smoke halogen-free fuel resistance. 1 PN600-PN800 swing arm type steel wire active pay-off rack The frame is a cabinet frame structure; it is driven by an AC frequency conversion controller, and a. Legal status (The legal status is an assumption and is not a legal conclusion. Google has not performed a legal analysis and makes no representation as to the accuracy of the status listed.) Current Assignee (The listed assignees may be inaccurate. That is: a cable formed by an optical fiber. Get samples first! Order sample this production line is used for the production of butterfly optical cables with single and double optical fiber Extrusion material are suitable for PVC, LSZH, ect Title goes here. producing PET plastic containers and bottles in all shapes. They are called butterfly-shaped due to their unique design, which features a flat shape with two parallel fiber ribbons running down the center.

Butterfly Shaped FTTH Optical Cable Line

We providing turnkey project for over 1000 cable manufacturer all over the world, new factory built from December, 2014 was located in Humen Dongguan, with very convenient transportation to Shenzhen ...

Oct 29, 2025

FTTH Drop Cable Extrusion Line

The FTTH butterfly-introduced optical cable production line provided is suitable for the production of (1-2) core butterfly-introduced optical cables. It can be extruded with PVC, LSZH and other jacket ...

Nov 09, 2025

Optic Cable Outer Sheathing Extrusion Production Line for Butterfly ...

The maximum length is 12 meters, which ensures sufficient cooling of the cable at a line speed of 150m/min. When the speed is low, the pressure roller is pressed to prevent slipping.
