

CIF price of 100kWh high-frequency switching power supply exported from Mexico

AI Overview

The estimated CIF price for a 100 kWh high-frequency switching power supply exported from Mexico is approximately \$19,600–\$22,000, depending on shipping and insurance costs.

Product Price

The average import price for switching power supplies under HS Code 85044010 is \$19.61 per unit according to US Customs data . For a 100 kWh high-frequency unit, assuming the unit is scaled proportionally to its energy capacity, the base product cost would be roughly \$19,610.

CIF Components

CIF pricing includes:

- Cost of the product: \$19,610 (as estimated above)
- Insurance: Typically 0.5–1% of the product value for electronics shipped internationally, adding approximately \$100–\$200
- Freight: Shipping from Mexico to major ports (e.g., US, Europe, Asia) can range from \$500–\$2,000 depending on container type, distance, and logistics provider Adding insurance and freight, the CIF price is likely in the range of \$19,600–\$22,000 per 10...
