

Cable tray and cable price sorting

AI Overview

Cable tray prices vary widely depending on material, type, and purchase volume, ranging from under \$1 per unit for bulk B2B orders to \$34 for consumer-grade trays, with additional costs for fittings and accessories.

Cable Tray Pricing Overview

Cable trays are available in metal (steel, stainless steel, aluminum) and non-metal (fiberglass, halogen-free plastic) materials, with prices influenced by durability, load capacity, and environmental suitability .

- B2C (retail/consumer): Prices typically range from \$15 to \$34 per tray, suitable for small-scale or home projects .
- B2B (bulk/industrial): Prices can range from \$0.80 to over \$76 per unit, depending on material, size, and specifications, with higher ROI potential for large-volume purchases .
- Standard lengths: Many trays, such as hot-dip galvanized ladder types, are sold in 2.4-meter sections, with fittings priced per piece . Factors affecting cost include tray width, depth, perforation, corrosion resistance, and load-bearing capacity. Stainless steel and fireproof FRP trays are more expensive but offer higher durability and compliance with safety standards .

Cable Sorting and Management

Cable sorting solutions complement trays and include wire mesh trays, cable organizers, and under-desk trays. These systems help maintain organized, accessib...
