

Cable tray information price website

AI Overview

Cable tray prices vary by material, type, size, and coating, ranging from \$2 to \$25 per meter, with multiple suppliers offering detailed price lists online.

Price Overview

Cable tray costs depend on material, type, size, coating, and supplier. Common materials include:

- Galvanized Steel: Durable and cost-effective, widely used for indoor applications .
- Hot-Dip Galvanized (HDG): More expensive than pre-galvanized, ideal for outdoor or industrial environments due to corrosion resistance .
- Aluminum: Lightweight and rust-proof, slightly higher cost but easier to install .
- Stainless Steel: Highest cost, used in hygienic or corrosive environments like food plants or coastal areas .
- Plastic/Polymer Trays: Budget-friendly, suitable for light loads . Tray types also affect pricing:
 - Ladder Trays: Strong, support heavy cables, higher cost .
 - Wire Mesh/Basket Trays: Lightweight, cheaper, ideal for data or small cables .
 - Perforated Trays: Moderate cost, good for ventilation and medium loads . Typical price ranges per meter are \$2-\$25, depending on material and finish. Bulk orders often reduce the per-meter cost .
