

Cable tray standard 2009

Overview

1-09 is the third edition of the common NEMA and CSA specification for metal cable tray systems for use in North America, providing technical requirements concerning the construction, testing, and performance of metal cable tray systems. This standard specifies the requirements for nonmetallic cable trays and associated fittings designed for use in accordance with the rules of the Canadian Electrical Code (CEC) Part 1, and the National Electrical Code® (NEC). Not a Member?

This standard is not included in any packages. Thank you for your participation!

NEMA VE 1-2009 standard for metal cable tray systems. The National Electrical Manufacturers Association (NEMA), Rosslyn, Va. 1, superseding the previous editions published in 2002 and 1998, and the fifth edition of NEMA VE 1, superseding the previous edition published in 2002.
