

Cameroon Construction Site Electrical Distribution Box Manufacturer

AI Overview

SEMEM Distributors, Umeme Africa Engineering, and Lambert Electromec are key providers of electrical distribution equipment for construction sites in Cameroon.

Key Manufacturers and Suppliers

SEMEM Distributors is a leading Cameroonian company specializing in industrial and construction equipment, including electrical distribution products. They focus on providing high-quality materials for local and international projects, making them a reliable source for construction site electrical distribution boxes . Umeme Africa Engineering supplies and distributes a wide range of electrical products, including top pole boxes, ready boards, split meter boxes, and distribution boards. They maintain agreements with manufacturers to provide both wooden and plastic cable drums, transformers, and mini-substations, making them a comprehensive supplier for construction site electrical needs . Lambert Electromec Ltd is an EPC (Engineering, Procurement, and Construction) company with expertise in Mechanical, Electrical, and Plumbing (MEP) systems. They operate across West Africa and provide complete design, engineering, and construction services for power generation and distribution, including electrical distribution boxes for large-scale construction projects .

Additional Suppliers
