

Canadian Cable Tray Construction

AI Overview

Canada offers a robust cable tray fabrication industry with CSA-approved aluminum and steel trays, ladder, perforated, and solid-bottom designs, supplied by leading manufacturers like Unitray, Superior Tray, ZipTray, Code Electric, and Niedax CER.

Leading Manufacturers and Products

Unitray is a prominent Canadian manufacturer specializing in aluminum cable trays, offering CSA-approved Class C, D, and E trays in standard lengths of 3m, 5m, and 6m. Their fabrication facility uses state-of-the-art CNC sheet metal equipment, enabling high-quality, customizable solutions for industrial, mining, and energy projects, including ladder, perforated, and solid-bottom trays, all engineered for durability and easy installation (Unitray) . Superior Tray provides a wide range of steel and aluminum trays, including ladder, solid-bottom, and perforated types. They cater to commercial, industrial, and telecommunications projects, offering both standard and custom solutions with a focus on safety and performance standards (Superior Tray) . ZipTray emphasizes lightweight, fast-installation systems that require no drilling, making them suitable for projects where speed and simplicity are critical. Their trays are designed to compete with established brands like B-Line and Thomas & Betts (ZipTray) . Code Electric manufactures aluminum and steel ladder trays, wire mesh/basket trays, and instrumentation channels, with rapid delivery across Western Canada. Their products are widely used in mills, marine terminals, factories, high-rises, data centers, and office buildings, offering solid or ventilated bottoms for efficient cable distribution (Code Electric) . Niedax CER, part of the Niedax Group, provides CSA-approved cable management systems including ladders, trays, basket trays, and channel trays. They focus on innovation, quality, and collaborative produ...
