

Complete List of Concealed Three-Level Distribution Box Models

AI Overview

A comprehensive list of concealed three-level distribution box models can be accessed through manufacturer catalogs, BIM libraries, and specialized electrical suppliers, as no single public list exists.

Overview of Concealed Distribution Boxes

Concealed distribution boxes are designed for secure, hidden installation in residential, commercial, and industrial settings. They are typically made from galvanized steel for strength or flame-retardant ABS for corrosion resistance and come with certifications such as UL, CE, or CQC depending on regional regulations . Three-level distribution boxes are often used for multi-circuit management, allowing separation of power, signal, and control circuits within a single enclosure.

Key Manufacturers and Resources

- Accio – Offers customizable concealed distribution boxes with IP65 waterproofing, pre-installed DIN rails, and various sizes suitable for three-level configurations .
- Wieland Electric – Provides robust distribution boxes for decentralized installations, supporting smart building integration and industrial applications. Their boxes comply with IEC 61439 and allow flexible component mounting .
- Polycab India Limited – Supplies plastic modular concealed boxes suitable for residential and commercial projects, with a strong distribution network and global reach .
- BIMobject Library – Offers downloadable BIM objects for electrical distribution box...
