

Denmark cable tray support prices

AI Overview

Cable tray support prices in Denmark vary widely depending on material, size, and type, typically ranging from €20 to €150 per support unit, with specialized or heavy-duty supports costing more.

Overview of Cable Tray Supports

Cable tray supports are essential for safely routing electrical, data, and control cables. In Denmark, suppliers offer a variety of options:

- **Materials:** Stainless steel (AISI316L), galvanized steel, aluminium, and fibreglass (FRP/GRP) are common, with stainless steel and fibreglass generally costing more due to durability and corrosion resistance .
- **Types of Supports:** Wall-mounted, floor-laid, ceiling-suspended, U-bar, and adjustable stands are available to suit different installation scenarios .
- **Compatibility:** Supports are designed to fit standard cable trays, mesh trays, and ladder systems, with accessories like bends, raisers, and reducers available for custom configurations .

Suppliers in Denmark

- **Øglænd System:** Offers a wide range of cable trays and supports in stainless steel, aluminium, galvanized steel, and fibreglass, suitable for both onshore and offshore projects .
- **Ahlsell:** Provides cable trays and accessories with free shipping to local stores, covering standard and specialized support solutions
