

Distribution box exclamation mark

Overview

A red exclamation mark next to an individual email in your inbox or sent folder means that email was marked as high importance by the sender. It's not an error — it's a priority flag. I'm tired everything to fix this but can't find anywhere in the admin settings or Azure that. any idea why SOME of typed recipients addresses onto Outlook online are marked RED with exclamation mark, and mail cannot be sent?

SOLUTION: Something must be with copy-paste, even if I paste as clear text, address is marked red. But if I type it manually, it is accepted. Minati Need help with Box?

Access expert support, setup guides, FAQs, and troubleshooting to solve issues and make the most of your Box cloud storage experience. Usually a sync or connection error — here's what it means and how to clear it A red exclamation point in Outlook is the application's way of flagging that something needs your attention. I can't find any documentation on this. What is the meaning behind this red exclamation mark?

There doesn't appear to be any mail delivery. However at least for our customer I could quickly find a solution: Problem When a user sends an email to the distribution group, the email is delivered as expected to all internal recipients, but to none of the multiple external contacts.
