

Domestic passive optical device manufacturers

Overview

This report lists the top Passive Optical Network (PON) Equipment companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Passive Optical Network. This report studies the global Passive Optical Device production, demand, key manufacturers, and key regions. This report is a detailed and comprehensive analysis of the world market for Passive Optical Device and provides market size (US\$ million) and Year-over-Year (YoY) Growth, considering 2024. Optical passive devices are critical components in fiber-optic communication systems that manipulate light signals without requiring electrical power. The market is expected to grow from USD 65.4 billion in 2023, at a CAGR of 13. (more)

Description: Zygo is a global leader in the design and manufacture of advanced optical metrology systems and ultra-precise optical components and assemblies.
