

EU Network Cabinet Series

AI Overview

The DIGITUS® EU Network Cabinet Series, including the Unique and Hyper Pro lines, offers robust, flexible, and modular solutions for IT infrastructure across Europe.

Overview

The EU Network Cabinet Series, particularly from DIGITUS®, is designed to meet the high demands of modern IT environments, ranging from small offices to large data centers. These cabinets provide modular, secure, and flexible solutions for network and server installations, supporting structured cabling, patch panels, and other communication equipment .

DIGITUS® Unique Series

- **Design & Construction:** Made from 1.5 mm thick steel with electrostatic powder coating in grey (RAL 7035) or black (RAL 9005). Cabinets are robust, demountable, and feature modular lockable side panels and doors for easy access .
- **Dimensions & Capacity:** Available in sizes such as 32U (1609x600x600 mm), with adjustable 19" profile rails and vertical cable ducts for efficient cable management .
- **Cable Management:** Includes rear brush strips, cable inlets, and generous vertical ducts with covers, ensuring neat and flexible cabling .
- **Cooling & Ventilation:** Options for perforated doors improve passive cooling; proper ventilation is recommended to prevent overheating .
- **Applications:** Suitable for network and server installations, supporting various IT components while maintaining stability and accessibility
