

Egyptian High-Voltage Distribution Box Manufacturer

AI Overview

Leading Egyptian manufacturers of high voltage distribution boxes include KSA El-Tholathia, EGEMAC, and Keming Electrical, offering certified, industrial-grade solutions for diverse projects.

Key Manufacturers

1. KSA El-Tholathia KSA is a premier Egyptian manufacturer specializing in custom distribution boxes, electric panels, and durable metal enclosures. Their product range includes wall-mounted boxes, knockdown cabinets, floor-standing cabinets, and stainless steel enclosures. KSA products are certified with CE, RoHS, and IP42-IP66 standards, including IP65 certification from the European SGS Laboratory, ensuring high protection against dust and water. They provide comprehensive electrical contracting services and support large-scale construction and industrial projects with advanced design and manufacturing capabilities . 2. EGEMAC EGEMAC focuses on electricity transmission and distribution from 400 volts to 500 kV, covering both medium and high voltage applications. The company collaborates with international partners to enhance local production and aligns with Egypt's sustainable development strategies. EGEMAC emphasizes quality, safety, and environmental standards, offering long-term project support and expanding its presence in Arab and African markets. Their solutions cater to industrial, commercial, and utility-scale energy projects . 3. Keming Electrical Although based internationally, Keming supplies high-quality power distribution boxes to Egypt, including low and medium voltage cabinets, energy storage solutions, and smart metering-compatible system...
