

Fiber Optic Distribution Box Factory Direct Sales

AI Overview

High-quality fiber optic distribution boxes are available for factory-direct purchase from leading manufacturers offering indoor/outdoor models, multiple core capacities, and OEM/ODM services.

Overview of Fiber Optic Distribution Boxes

Fiber optic distribution boxes (FDBs) are essential for managing optical cables and connections in FTTx/FTTH networks. They provide organized routing, strain relief, and bend radius control, ensuring signal quality and network reliability. These boxes are designed for both indoor and outdoor applications, with IP-rated protection against dust and water, and are built from durable materials like high-impact ABS+PC or corrosion-resistant composites. They can accommodate multiple fiber cores, ranging from 2 to 96 cores, depending on network requirements.

Key Features

- **Durability and Environmental Protection:** Many FDBs are rated IP65-IP68, making them suitable for harsh outdoor conditions, including wall or pole mounting.
- **Scalability:** Designed to support network expansion, allowing additional fibers or splitters to be added without major reconfiguration.
- **Fiber Management:** Includes splice cassettes and guides for proper fiber routing, color-coded pigtails, and adapters for easy installation.
- **Security:** Some models offer physical protection and access control to safeguard n...
