

Fiber Optic Malawi Company

Overview

Fibre Optic Networking Solutions, established in 2011 in Malawi, specializes in cutting-edge fibre optic networking solutions, internet broadband infrastructure, connectivity, fiber installation, and comprehensive network services. The Optic Fibre Communications (OFC) is a semi-autonomous department within ESCOM that operates a national wide overhead Optic Fibre backbone network strung on electricity infrastructure reaching all parts of the country and the National Data Centre supported by the Malawi Government. The current total backbone bandwidth capacity of OCL is 9920 Mbps. Custom telecommunications tower design, construction and maintenance. Airtel Malawi is a widespread telecommunications company offering a variety of internet services including home broadband, WiFi hotspots, prepaid and postpaid mobile data plans. The company enjoys a wide network being parts of the renowned pan-African Bharti Airtel group.
