

Finnish Intelligent Lighting Distribution Cabinet Manufacturer

AI Overview

Key Finnish manufacturers of intelligent lighting solutions include Helvar, Casambi, Greenled, Finlight Group, and Light Cognitive, all offering advanced LED and smart lighting systems.

Leading Manufacturers

Helvar specializes in intelligent and energy-saving lighting solutions, providing advanced lighting control systems and luminaire components for offices, schools, hotels, and hospitals. Their systems are designed to create smart environments that enhance productivity and well-being, with open and flexible controls suitable for large-scale installations. Casambi focuses on wireless smart lighting control using Bluetooth Low Energy technology. Their ecosystem supports both individual and industrial-scale applications, offering cloud-based remote control and monitoring for intelligent lighting networks. Greenled Oy is a Finnish LED lighting manufacturer known for turnkey solutions and sustainable development practices. They provide long-lasting luminaires for businesses and public spaces, including challenging industrial projects like Helsinki Shipyard. Greenled also offers Nature lighting solutions for outdoor environments and operates the world's northernmost lighting factory in Oulu. Finlight Group Oy manufactures fully customized LED lighting fixtures and distribution solutions. They offer contract manufacturing, bespoke designs, and project-specific installations, combining high-quality lighting technology with tailored applications for commercial and industrial clients. Light Cognitive develops human-centric smart lighting systems that replicate natural circadian rhyt...
