

Fireproof cable trays are reasonably priced

AI Overview

Fireproof cable trays can be found at wholesale prices starting from around \$10-\$20 per meter for basic models, with costs varying by material, fire rating, and supplier.

Price Overview

The cost of fireproof cable trays depends on several factors including material type, fire resistance rating, and supplier location. Basic trays made from plastic or lightweight metals tend to be cheaper, while galvanized steel, aluminum, or FRP trays with higher fire ratings are more expensive. Wholesale prices for standard fireproof trays generally start at \$10-\$20 per meter, with bulk orders often offering additional discounts.

Factors Affecting Cost

- **Material Quality:** Durable metals like steel or aluminum increase price, whereas plastic alternatives are cheaper but may have lower load capacity.
- **Fire Rating:** Trays certified for 60, 90, or 120 minutes of fire resistance cost more due to testing and compliance requirements.
- **Supplier Location:** Imported trays may incur shipping costs, affecting the final price.
- **Bulk Orders:** Purchasing in larger quantities can reduce the per-meter cost, especially from platforms like Alibaba.
- **Production Process:** Advanced manufacturing techniques improve durability but c...
