

Georgian Construction Site Electrical Distribution Box Manufacturer

AI Overview

Key suppliers of electrical distribution boxes in Georgia include ICE Engineering Group, ITG LLC, and Genpower, offering both medium and low voltage solutions for construction projects.

ICE Engineering Group

ICE Engineering Group provides a full range of ANSI/NEMA medium and low voltage power distribution products suitable for various facilities and construction sites in Georgia. They are official distributors of Mitsubishi Heavy Industry, Mitsubishi Electric, and Shanghai Mitsubishi, ensuring access to globally recognized brands. ICE also offers delivery, installation, and maintenance services, making them a comprehensive solution provider for construction projects requiring electrical distribution boards (EDBs) and related systems .

ITG LLC

ITG LLC specializes in power generation, transmission, and distribution systems ranging from 0.4 kV to 500 kV. Their portfolio includes transformers, switchgear, circuit breakers, disconnecting switches, HV electric engines, generating sets, and distribution cabinets. ITG's products are manufactured according to international quality standards and are designed for high-reliability applications, making them suitable for mission-critical construction projects and industrial sites
