

Guatemala hybrid fiber optic cable 2 cores

Overview

Applications suitable for long distance power and data transmissions ONTs, WiFi® Access Point, CCTV and Media Convertors, up to 3km (PoE with 2mm cable type). Easy peel, stranded conductors for maximum cable flexibility and rapid access. CommScope bundles hybrid cabling to your custom specifications, using our high-performance fiber-optic, unshielded twisted pair and coaxial cables. Polarization indentation along one side of the cable for. DuetConnect Hybrid Copper-Fiber Cables allow one cable to offer the advantages of DC power and fiber, safely delivering both over long distances to remote locations where standard power is unavailable or too costly to install. These cables integrate fiber optics for high-speed data transfer and copper conductors for power delivery. Providing an excellent service since 1,995 specialized in communications networks, structured cabling and outside plant. Questions for us?
