

Guatemalan OPGW Anti-Certification Fittings

AI Overview

OPGW hardware fittings and accessories can be sourced directly from international manufacturers, offering a range of materials and anti-corrosion designs suitable for Guatemalan installations.

Overview of OPGW Fittings

OPGW (Optical Ground Wire) fittings are essential for connecting fiber optic cables to transmission towers, poles, and conductors. These fittings include clamps, strain clamps, vibration dampers, earth rod clamps, and repair sleeves. They are typically made from aluminum, copper, steel, or plastic/rubber, and are designed to withstand mechanical and electrical loads in overhead transmission lines. Anti-corrosion features are often included, such as stainless steel tubes filled with water-resistant gel or aluminum-covered steel tubes, to protect fibers in harsh environments.

Direct Manufacturer Options

Several manufacturers provide OPGW fittings and accessories suitable for direct procurement:

- ZTT: Offers stainless steel tube OPGW, aluminum-covered OPGW, and lightning-resistant variants. Their products include anti-corrosion grease and hermetically sealed tubes for fiber protection.
- GL Fiber (Hunan GL Technology Co., Ltd.): Supplies a full range of OPGW hardware...
