

How much does a set of Huijue optical frequency conversion modules cost

AI Overview

Huijue optical frequency converter modules typically range from \$50 to \$500 per unit, depending on speed, type, and vendor.

Price Overview

The cost of Huijue optical modules varies widely based on specifications such as data rate, reach, and whether the module is OEM or third-party compatible. For example:

- 1G SFP modules: Low-end compatible units can cost \$5-\$25, while branded or industrial-grade modules may reach \$60-\$120 per unit .
- 10G SFP+ modules: Compatible modules often sell for tens of dollars, whereas OEM or long-reach versions can cost hundreds of dollars .
- 25G SFP28 modules: Entry-level compatible units may be \$16-\$80, while specialized single-mode or OEM modules can range \$200-\$900 .
- 50G modules: High-speed QSFP28 modules supporting up to 50Gb/s typically fall in the \$200-\$500 range, depending on reach and technical features .

Purchasing Options

- Online marketplaces like eBay list Huijue optical transceivers at varying prices, often lower for single units or used modules .
- Wholesale suppliers and distributors offer bulk pricing and may provide discounts for larger orders
