

How much does an Indian fiber optic splice box cost

AI Overview

In India, fiber optic splice boxes typically cost between ₹500 and ₹5,000 depending on capacity, quality, and manufacturer.

Price Range and Factors

Fiber optic splice boxes in India are available from multiple suppliers and manufacturers, with prices varying based on:

- **Fiber Capacity:** Small splice boxes for 6–12 fibers are generally cheaper, while larger boxes for 24–144 fibers cost more.
- **Material and Build Quality:** Boxes made from durable ABS or metal with weatherproofing features are priced higher.
- **Brand and Supplier:** Established brands or certified suppliers may charge a premium.
- **Additional Features:** Some splice boxes include trays, adapters, or pre-installed pigtails, which can increase the cost. Typical price ranges observed in Indian markets are:
 - Basic small-capacity splice boxes: ₹500–₹1,500
 - Medium-capacity boxes (12–48 fibers): ₹1,500–₹3,000
 - High-capacity or premium boxes (up to 144 fibers): ₹3,000–₹5,000 or more
