

How much does it cost to install cable trays and cable tray bends

AI Overview

Installing cable trays typically costs between \$10 and \$50 per meter, with bends and accessories adding extra, depending on material, size, and installation complexity.

Material Costs

The cost of cable trays varies significantly based on the material:

- Steel trays: \$5–\$30 per meter, widely used for general-purpose installations due to strength and affordability .
- Aluminum trays: \$6–\$50 per meter, lightweight and corrosion-resistant, ideal for outdoor or industrial environments .
- Stainless steel trays: Highest cost, used in corrosive or hygienic environments like food plants or offshore facilities .
- Fiberglass (FRP) trays: \$10–\$50 per meter, suitable for aggressive environments where metal may fail . Bends, elbows, and other fittings typically cost extra, often 10–30% of the straight tray cost, depending on complexity and material.

Installation and Labor Costs

Installation costs often exceed material costs and depend on several factors :

- Tray size and weight: Larger or heavier trays require more labor and stronger supports....
