

How much does it cost to order custom-made galvanized cable trays

Overview

Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips. The average cable tray price per meter ranges from \$2 to. Due to differences in materials, specifications, and manufacturing standards, the price of hot-dip galvanized cable trays can vary significantly. But the actual price is the cash outlay to the workers to assemble the parts. Cable trays will tend to be significantly less expensive to use in. Options such as the Pro 10 line offer simple installation and customizability in terms of size as well as a convenient 2 by 2 grid pattern for minimized cable sag making them ideal for fiber optic cable networks. 2 line offers electro-zinc coated steel wire for increased corrosion. We offer a complete kit to provide you with cable tray ready to install under new or existing raised floors based on the unique requirements at your facility. Additional elements like supports, connectors, and brackets.
