

Huijue Lighting Distribution Box Model

AI Overview

Huijue Lighting Distribution Boxes, such as the HJ-P55, are high-strength, IP65-rated enclosures designed for versatile industrial and outdoor electrical applications.

Key Specifications

Material and Construction: Huijue distribution boxes are made from durable materials including cold-rolled steel, SMC, metal, and plastic, depending on the model . The HJ-P55 model features reinforced cold-rolled steel for enhanced structural stability and long service life . **Protection Rating:** The HJ-P55 and similar models are IP65-rated, providing superior dust and water resistance, making them suitable for harsh indoor and outdoor environments . **Design and Installation:**

- Modular floor-standing design for easy installation and heat dissipation
 - Flexible installation options: floor-standing or wall-mounted
 - Customizable internal layout and cutouts to accommodate various electrical components
- Dimensions and Aesthetics:**
- Standard industrial gray coating (RAL-7032) or customizable colors for corrosion resistance and aesthetic requirements
 - High mechanical strength ensures impact resistance and safe protection for electrical systems
- Applications:** Huijue distribution boxes are widely used in:
- Industrial automation and control systems
 - Energy storage and solar inverter enclosures
 - Telecommunications and communication base stations
 - Data centers and power distribution monitoring systems
- Compliance and Certification:**...
