

Iceland quote for 8-core connector

AI Overview

You can obtain quotes for 8-core connectors or multicore cables from international suppliers like Farnell UK or Fiber24, which offer fast quotes, datasheets, and shipping options to Iceland.

Supplier Options

- Farnell UK stocks a wide range of 8-core multicore cables from manufacturers such as Alpha Wire, PRO Power, Multicomp Pro, Lapp, and Belden. They provide fast quotes, same-day dispatch, and technical support, making it convenient to order for delivery to Iceland .
- Fiber24 offers 8-core LC-LC OM3 breakout indoor cables, suitable for multi-mode fiber installations. These cables feature aramid yarn reinforcement, flexible jackets, and low-smoke, non-toxic materials, with datasheets available for technical specifications .

Considerations for Iceland

- Iceland uses Type C and Type F plugs with 230V/50Hz electricity. Ensure that any connector or cable you purchase is compatible with local voltage and plug standards if it will interface with power equipment .
- For electronic or fiber optic applications, the 8-core connector itself is independent of the plug type, but any powered devices connected to it must comply with Icelandic electrical standards.
