

Internet Sweden

AI Overview

Sweden offers a wide range of high-speed internet options, including fiber, mobile broadband, and satellite, with major providers like Telia, Tele2, Telenor, and smaller specialists ensuring extensive coverage and competitive speeds.

Major Internet Providers

- Telia: Sweden's largest provider, offering fiber, cable, DSL, and mobile broadband, including 5G-capable plans. Telia is widely used and known for reliable infrastructure and extensive national coverage, suitable for gaming, streaming, and professional use (Telia.se) .
- Tele2: Offers fiber and mobile broadband with speeds up to 1 Gbps and 4G coverage reaching 98% of the population. Tele2 also operates Comviq, a budget-friendly brand with unlimited data options (Tele2.se) .
- Telenor: Provides fiber and mobile broadband with strong national reach, covering 95% of the population, and expanding 5G services (Telenor.se) .
- Bahnhof and Bredband2: Mid-market providers focusing on high-speed and secure connections, with Bahnhof offering plans up to 10,000 Mbit/s in certain areas, emphasizing privacy and reliability (Bahnhof.se, Bredband2.com) .
- Ownit: Specializes in fiber broadband, serving over 175,000 households, with speeds up to 1,000 Mbit/s in major cities and strong customer service, including English-language support (Ownit.se) .

Connection Types and Speeds

- Fiber: Widely available, covering around 80% of households, offering symmetrical...
