

Latest National Standard for Household Distribution Boxes

Overview

The BS EN 60670-22:2006+A11:2024 standard is an essential document for anyone involved in the installation and maintenance of electrical accessories in household and similar fixed electrical installations. This guide gives you a clear, up-to-date overview for 2025: who the regs apply to, what they cover (and don't), how they link to Building Regulations and the Electricity at Work Regulations, the current 18th Edition with recent changes, and the essentials on RCDs, AFDDs, SPDs and bonding. What are the Wiring Regulations?

The wiring regulations (commonly referred to simply as 'wiring regs' or 'the regs') are a national standard used in the UK for electrical wiring. This does not necessarily mean that they are unsafe for continued in domestic prem required to be performed.
