

Lighting cable tray prices

AI Overview

Light-duty cable trays typically range from £20–£50 per 3-meter length, with prices increasing for medium and heavy-duty trays or specialized finishes.

Price Ranges by Duty and Material

- **Light-Duty Cable Trays:** For example, a 100mm pre-galvanized steel light-duty tray with integrated coupler, 3 meters long, is generally priced around £20–£50 per length depending on supplier and bulk order discounts . These are suitable for commercial and industrial light cable routing.
- **Medium-Duty Cable Trays:** Made from pre-galvanized or hot-dipped galvanized steel, medium-duty trays are designed for heavier cable loads. Prices typically start around £40–£80 per 3-meter length, with couplers and accessories sold separately .
- **Heavy-Duty Cable Trays:** For high-load applications, heavy-duty trays with hot-dipped galvanization or heavy gauge steel can cost £70–£150 or more per 3-meter length, depending on brand, finish, and additional fittings .

Factors Affecting Price

- **Material and Finish:** Pre-galvanized steel is generally less expensive than hot-dipped galvanized or stainless steel. Halogen-free plastic trays are also available and may vary in cost.
- **Tray Size and Length:** Wider or longer trays increase material usage and cost. Standard lengths are usually 3 meters.
- **Accessories:** Couplers, brackets, and bolts may be sold separately, adding to the total installation cost .
- **Bulk Orders and Trade Discounts:** Suppliers often offer reduced pricing for orders...
