

Manufacturer of outdoor optical cables for triple-play integration

AI Overview

Leading manufacturers of outdoor optical fiber cables for triple-play networks include JUNPU, ZTT, Corning, and Prysmian, offering solutions for voice, data, and video convergence.

Key Manufacturers and Offerings

JUNPU provides complete fiber optic solutions for triple-play networks, including outdoor distribution network (ODN) products such as EDFA, splitters, and closures. Their solutions are designed to ensure high bandwidth, reliability, and cost-effectiveness for voice, data, and video services . ZTT International Limited is a global leader in outdoor optical fiber cable systems, offering a wide range of cables with loose tube, tight buffer, or semi-tight buffer constructions. Their cables include strength members (FRP, steel wire, aramid yarns), water-blocking materials, and armored options suitable for harsh environments. ZTT cables meet international standards (IEC, IEEE, ANSI) and can be customized for rodent protection, flame retardancy, micro-bundle designs, and extreme climate conditions . Corning manufactures rugged outdoor fiber optic cables for aerial, duct, and direct-burial installations. Their portfolio includes loose tube and ribbon cables with fiber counts up to 6,912, designed for high-density deployments and mass fusion splicing. Corning cables are engineered to withstand UV exposure, temperature fluctuations, and mechanical stresses, making them ideal for triple-play network integration . Prysmian Group offers a comprehensive range of optical fibers and cables for outdoor applications, including FTTx, long-haul, and metropolitan networks. Their products f...
