

Manufacturers of Low-Pressure Complete Equipment with Waterproof Cold Aisle Type

AI Overview

LPMS USA, Cryospain, Linde Engineering, and Cryostar are leading manufacturers offering low-pressure complete equipment with waterproofing and turnkey solutions suitable for specialized industrial and electronics applications.

LPMS USA

LPMS USA specializes in low-pressure molding solutions and offers a wide range of equipment platforms for waterproofing electronics. They provide turnkey solutions, including collaborative engineering, prototype and production tool development, full-service contract manufacturing, and material selection. Their systems are highly customizable to meet specific production requirements, making them suitable for environments requiring waterproofing and controlled low-pressure operations. LPMS also emphasizes energy efficiency, waste reduction, and sustainable materials.

Cryospain

Cryospain provides engineering solutions for cryogenic and industrial applications, including turnkey projects, equipment supply, technical support, and maintenance. They design, manufacture, and commission high-tech installations tailored to client specifications. Their multidisciplinary teams ensure customized solutions for storage, transfer, and management of gases, which can be adapted for low-pressure and wa...
