

Mozambique Spiral Pipe Fixing and Installation Scheme

Overview

Recently, China's Cangzhou Spiral Welded Pipe Manufacturing Group successfully completed the first phase of the supply task for the large-scale infrastructure project in Maputo, Mozambique, Africa. 5700 tons of high-strength steel pile pipes crossed the ocean and arrived on the west coast of the. Engprojects SA provides Mechanical and Piping Services that comprises, drafting of detailed fabrication drawings, fabrication, application of corrosion protection coating, installation of steel structures and pipes, installation of processing equipment. Read. Spiral Manufacturing offers a complete array of both slip joint and flange joint options to meet any system requirements, and we offer technical assistance to help you choose the best option for your application. Slip joints can be fastened with Tek-Screws or Pop-Rivets. That's why spiral pipe production starts where other welded pipe production processes. Multotec Mozambique was established in 2011 as a wholly owned subsidiary of Multotec to service the coal fields in the Tete Province. This branch serves as the headquarters for Multotec's operations in East Africa, servicing Kenya, Tanzania, Egypt, Madagascar and Zimbabwe as well all other East.
