

New Energy Distribution Box Modification Manufacturer

AI Overview

Leading manufacturers for customized new energy distribution boxes include J&HW Group, DOHO Electric, and VIOX Electric, offering tailored solutions with high safety and energy efficiency.

Key Manufacturers and Their Capabilities

J&HW Group specializes in custom power distribution boxes, providing rapid prototyping within 15 days and in-house production of essential components like sockets, wires, and casings. Their integrated manufacturing process reduces delays, inventory waste, and costs, ensuring tailored solutions without unnecessary features .

DOHO Electric is a major Chinese manufacturer with extensive experience in OEM/ODM services for solar energy, wind energy, data centers, communications, and new energy vehicles. They adhere to ISO 9001, 14001, and OHSAS 18001 standards, offering both standard and bespoke distribution boxes. Their strong R&D team can develop new products according to specific requirements, ensuring durability and compliance with international quality standards .

VIOX Electric provides high-quality distribution boards and electrical panels with options in ABS and stainless steel, high IP ratings, and enhanced safety features. They offer custom solutions for residential, commercial, and industrial applications, focusing on durability, efficiency, and user-centric designs
