

Nordic Low-Voltage Busbar Manufacturers

AI Overview

Key Nordic manufacturers of low-voltage busbars include GARO, Elcowire Group AB, Centralbyggarna, and Eta-com, offering a range of copper, aluminum, and laminated busbar solutions.

Leading Manufacturers in Sweden

- GARO specializes in innovative electrical installation products, including low-voltage busbars such as the BUSBARS 3P 12M/10, emphasizing safety, sustainability, and efficient power distribution .
- Elcowire Group AB produces low-carbon copper busbars and other copper products for electrical and infrastructure applications, providing technical support and installation services .
- Centralbyggarna focuses on electrical automation equipment, including low-voltage switchgear and custom control panels, often integrating busbar systems for industrial and commercial applications .
- Eta-com (Betobar range) offers cast resin busway systems for low-voltage applications, featuring epoxy-resin elements with high mechanical and electrical performance, suitable for distribution boards, switchboard feeders, and offshore installations .

International and Specialized Suppliers

- SYKATEC GmbH manufactures custom copper and aluminum busbars, including c...
