

North African PLC optical splitter manufacturers

Overview

Buy Fibre Optic PLC Splitter at the best price from Norden Communication, one of the leading manufacturers and suppliers of Fibre Optic PLC Splitter in Central African Republic. It is based on planar lightwave circuit technology and provides a low cost light distribution solution with small form factor and high reliability PLC Splitters are installed in each optical network between. We supply the PLC splitter (Planar Lightwave Circuit Splitters) bare fiber types and rack mount PLC splitter types, they are used mainly in FTTx systems, and these splitters can be with optional length and connector types. Whether you need 1×2, 1×4, 1×8, 1×16, or 1×32 splitters, our products deliver low insertion. Pre-terminated, low-loss, and angled polished for stable signal distribution in FTTH and GPON. Built using Planar Lightwave Circuit (PLC). R 110. 68inc VAT Southern Elements PLC (Planar lightwave circuit) is a fiber optic splitter that is used only in PON (EPON, GPON, XPON) networks. The PLC splitter takes one head end source of signal (from an OLT) and is able to split it to multiple. PLC Fiber Optic Splitter by LANMEXX Optics Planar waveguide light optical distributor (PLC Splitter), is a kind of planar waveguide integrated optical device, it can be 1260nm ~ 1650nm such a wide range of wavelengths of light power reservation in realization, the distribution of wavelength range.
