

Ordering Southern European Grid Cable Trays

AI Overview

You can order high-quality cable trays in Southern Europe from suppliers like Eurostrut, Eurotray, Øglænd System, and Trayco, offering a wide range of materials, configurations, and installation support.

Key Suppliers and Options

Eurostrut provides cable trays, ladders, and protective tubes suitable for industrial, marine, and offshore applications. Their products are made from hot-dip galvanized steel or stainless steel, with open or perforated designs to reduce overheating. They offer fast installation, flexible configurations, and a webshop for direct quote requests . Eurotray specializes in cable management systems designed for heavier cable loads and vertical applications. Their trays are suitable for low, medium, and high voltage cables, and they provide all necessary mounting, connection, and suspension components. They also offer turnkey solutions for raised floor applications and industrial environments . Øglænd System offers a wide range of cable trays and ladders in stainless steel, galvanized steel, aluminum, and fiberglass composites, suitable for both onshore and offshore projects. Their trays come in various heights and widths, with slot patterns for efficient cable positioning and easy access for fixings . Trayco produces Belgian-made cable trays, mesh trays, and ladders, providing customized solutions and installation guidance. They focus on optimizing cable management systems and offer tailored advice for project-specific requirements
