

Price List of Cable Trays in Vietnam

AI Overview

Cable tray prices in Vietnam vary widely depending on material, type, and supplier, typically ranging from \$10 to \$50 per meter for standard steel trays, with higher costs for specialized or corrosion-resistant designs.

Price Overview

The cost of cable trays in Vietnam depends on several factors:

- **Material:** Steel trays are the most common and cost-effective, while aluminum and stainless steel trays are more expensive due to corrosion resistance and durability requirements .
- **Tray Type:** Ladder trays, perforated trays, and solid-bottom trays have different manufacturing complexities. Ladder trays are generally mid-range in price, perforated trays slightly higher, and solid-bottom trays can be more expensive for heavy-duty applications .
- **Supplier and Quality:** Local manufacturers like Dongkwang Vina and Butraco offer competitive pricing for standard trays, while imported or high-grade trays for specialized industrial or marine environments can cost significantly more .

Market Context

Vietnam's cable tray market is growing due to industrialization and infrastructure projects, particularly in Ho Chi Minh City, Binh Duong, Dong Nai, Hanoi, and Haiphong . Local production meets most domestic demand, especially for standard steel trays, but specialized applications may require imported materials, which increases costs...
