

Price of hollow mesh cable trays

AI Overview

Hollow mesh cable trays typically range from \$0.80 to \$76 per unit, depending on material, size, and purchase volume.

Pricing Overview

- **B2B Bulk Pricing:** On platforms like Alibaba, hollow wire mesh cable trays are priced between \$0.80 and over \$76 per unit, with lower prices for bulk orders and higher prices for larger or specialized trays made from stainless steel or galvanized steel .
- **B2C Retail Pricing:** For smaller-scale or consumer purchases, such as on Amazon, prices generally range from \$15 to \$34 per tray, suitable for home offices or light commercial use .

Factors Affecting Price

- **Material:** Stainless steel, galvanized steel, and electro-zinc finishes are common. Stainless steel trays are more expensive due to corrosion resistance and durability .
- **Size and Dimensions:** Larger trays or those with higher load capacity cost more. Custom lengths or widths can increase the price.
- **Accessories and Fittings:** Connectors, covers, brackets, and suspension hardware add to the total cost, especially in industrial installations .
- **Installation Complexity:** Trays that require bending, cutting, or specialized mounting may increase labor costs, though some systems offer easy-to-install no-drill clamps .

Market Context

The global cable tray market is growing due to infrastructure development, data ce...
