

Procurement of Fire Cable Trays in Nepal

AI Overview

Fire cable trays in Nepal can be procured through government e-procurement portals, private tender aggregators, and direct supplier quotations.

Government e-Procurement Platforms

The Public Procurement Monitoring Office (PPMO) manages Nepal's centralized e-Government Procurement (e-GP) system, which covers the full procurement lifecycle including registration of bidders, e-tendering, online evaluation, and contract management . All Ministries, Departments, and Agencies (MDAs) of the Government of Nepal use this system. Suppliers must register on the portal to access tender notices, submit bids, and download tender documents. The e-GP portal is hosted at the Government Integrated Data Center (GIDC) and is accessible online .

Tender Aggregator Websites

Several online platforms aggregate tender notices for both public and private sector procurement in Nepal:

- TenderNotice.com.np provides daily updates of tenders published in newspapers, including RFPs, EOIs, and quotations. Registered users can download tender documents and receive email alerts .
- GlobalTenders.com collects tenders from official government sources, newspapers, and journals, making them searchable by product, service, or region .
- BidDetail.com lists government and private e-tenders, including cable tray supply opportunities
