

Products in the optical communication industry

Overview

This list features 28 optical communication systems companies. They vary in size, with some employing thousands while others operate with smaller teams. SMF-28® Contour optical fiber is the shape of things to come, enabling smaller, lighter, more sustainable optical solutions. Celebrating five years of the Evolv Terminal with Pushlok™ technology—discover how Corning's innovations have streamlined and. The optical communication systems industry focuses on technology enabling the transfer of data over optical fibers. Optica Corporate Members can submit press release (s) to be posted online. Quality information and inspiring interactions through publications, meetings, and membership. 87 billion in 2025 and is projected to grow from USD 38.

Top 28 Optical Communication Systems Companies

Optica

Market Intelligence | Optica

Optica is the leading society in optics and photonics. Quality information and inspiring interactions through publications, meetings, and membership.

Apr 06, 2026

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver industry chain for you.

Jun 26, 2026

10 Best Fiber Optic Manufacturers for 2026

With billions of kilometers of fiber cable installed worldwide, Corning's fiber-optic products form the foundational infrastructure supporting global telecommunications networks. As the largest ...

Sep 11, 2025

Optical Communication Systems and Networking Market

The system includes hardware components, such as fiber-optic cables, optical transceivers, optical amplifiers, multiplexers, and optical switches, alongside software and networking ...

Aug 18, 2025

World's Top 50 Companies in Optoelectronics in 2025: Statistics ...

Its optoelectronic products include optical sensors, LEDs, and high-speed optical transceivers used in data centers, telecommunications, and industrial automation.

Optical Communications Market Report Size, Share and Trends 2035

Innovations such as wavelength division multiplexing and coherent optical technology are enhancing data transmission capabilities. These advancements enable higher bandwidth and ...

Jul 26, 2025

OPTICAL COMMUNICATIONS PRODUCTS

Wavelength Management modules, optical monitoring modules, and passive optics. These modules benefit from Coherent's deep technology vertical stack, and are integrated with electronics and software

Dec 09, 2025

Corning Optical Communications | Fiber Optic Connectivity Solutions ...

We deliver optical connectivity solutions for every segment of the network, including carriers, data centers, in-building networks, and original equipment manufacturers (OEM).
