

Shutting down the fiber optic cable factory

Overview

WASHINGTON, May 12, 2025 – Albuquerque Mayor Tim Keller (D) ordered Ezee Fiber to stop work on Wednesday, following a recent increase in complaints from city residents over property damage by workers laying fiber Internet cables. Since May 2025, the only optical fiber production plant in Russia has been shut down after Ukrainian Armed Forces attacks. Read also: Electronic warfare fails: Russian. RUSSIA, SARANSK, May 8 — In the early morning of May 7, attack drones hit the only Russian manufacturer of optical fiber cable that is also used for FPV-drones. The plant produced fiber-optic cables for both the telecommunications industry and the Russian. Orland Park, IL (December 12, 2025) - At a specially called Village Board meeting on Friday, December 12, 2025, the Village of Orland Park ordered Astound, Abovenet (Zayo Group) and other internet service providers to halt all fiber-optic construction after a surge in resident complaints about. IRGC-linked media called for Iran to generate revenue from undersea internet cables passing through the Strait of Hormuz, framing the waterway not only as an energy and shipping chokepoint but also as a digital pressure point.
