

Southern European Electrical Distribution Box Factory

AI Overview

Southern Europe hosts several high-quality manufacturers of electrical distribution boxes, offering customized solutions compliant with European standards.

Key Manufacturers and Capabilities

Delvalle Box (Spain) specializes in high-resistance electrical enclosures for industrial environments. They provide fully customized solutions, from single prototypes to large industrial series, with in-house engineering support for design, regulatory compliance, and integration of all necessary components. Their products are CE-marked and built to meet rigorous quality standards, ensuring durability, safety, and reliable performance . IDE Electric (Spain) manufactures metal and polyester cabinets for industrial applications, including automation and machine tool control. Their enclosures range from 10 to 125 Amperes and 24 to 500 Volts, with IP44-IP54-IP67 protection. IDE Electric emphasizes versatility, allowing customized configurations and rapid production, and ensures compliance with domestic and international certifications . SIA ELDI (Latvia, serving EU markets) produces distribution boxes and complex systems according to IEC 61439 standards and EU directives such as the Low Voltage Directive 2014/35/EU and Electromagnetic Compatibility Directive 2014/30/EU. They offer solutions from small local control panels to large automation cabinets, providing CE marking and EU declarations of conformity .
