

Spanish fiber optic cable construction company

AI Overview

Leading Spanish companies in fiber optic cable construction include Ingekabel, TELNET Fiber Optic, Fibercom, and FIBERCO, offering design, manufacturing, and deployment services nationwide.

Key Companies

Ingekabel is based in Barcelona and specializes in telecommunications engineering, FTTH fiber optic cable design, and large-scale deployment. They provide end-to-end solutions, from project design to execution, including civil infrastructure works and dark fiber installation for corporate and government clients, with a growing international presence . TELNET Fiber Optic S.L.U., part of the Tratos Group, operates from La Muela, Zaragoza. Their state-of-the-art factory produces and installs fiber optic cables and passive optical components. The facility has an annual production capacity of 1,200,000 km of fiber optic cables and uses advanced techniques like SZ stranding and multi-step coating processes to ensure high-quality, durable products . Fibercom has over 30 years of experience in fiber optic telecommunications infrastructure. They provide deployment, fusion, maintenance, installation, certification, and repair services across Spain, with offices in Barcelona and Zaragoza. Fibercom also offers expert consulting for fiber optic projects, making them a key resource for large-scale network planning . FIBERCO focuses on manufacturing fiber optic solutions for telecommunications and renewable energy markets. They provide both standard and customized fiber optic products, supporting diverse industrial applications
