

Sri Lanka Galvanized Cable Tray Prices

AI Overview

Galvanized cable trays in Sri Lanka typically cost between LKR 1,500 and LKR 5,000 per meter, depending on type, size, and thickness.

Price Overview

The cost of galvanized cable trays varies based on galvanization method, dimensions, and material thickness:

- **Hot-Dip Galvanized (HDG) Cable Trays:** These are more durable and corrosion-resistant, suitable for industrial and outdoor applications. Prices generally range from LKR 2,500 to LKR 5,000 per meter, depending on width, height, and sheet thickness (e.g., 1.5mm ZC sheet) as seen in products like the Sys Rack Straight Length Cable Tray (100mm x 50mm) from Cubicoan .
- **Electro-Galvanized Cable Trays:** Typically less expensive than HDG trays, suitable for indoor or less corrosive environments. Prices usually start around LKR 1,500 to LKR 3,000 per meter .

Factors Affecting Cost

- **Tray Dimensions:** Wider or deeper trays cost more due to additional material. Common sizes include 100mm x 50mm, 150mm x 75mm, and larger industrial sizes.
- **Material Thickness:** Thicker sheets (1.5mm or more) increase durability and price.
- **Accessories:** Lids, joints, bends, and brackets add to the total cost. Bolted joint pieces and lids for HDG trays are often included in premium products .
- **Supplier and Brand:** Prices vary slightly between suppliers like Eastlink.lk, Gunarathneelectricals.lk, and C & D International, depending on quality certification...
