

What is the price of ladder-type cable trays

AI Overview

Ladder-type cable trays typically range from ₹90 to ₹100 per meter in India, with prices varying based on material, size, and supplier.

Price Overview

The cost of ladder-type cable trays depends on several factors including material (galvanized steel, stainless steel, aluminum), dimensions, load capacity, and manufacturer specifications. In India, some of the most affordable suppliers offer prices starting at ₹90 per meter (Global Manufacturers and Traders) and ₹100 per meter (Canco Fasteners, Excel Metal & Engg Industries) as of July 8, 2026 . Standard lengths are often 2.4 meters per section for hot-dip galvanized trays .

Material and Specifications

- Hot-dip galvanized steel: Common for corrosion resistance and durability, suitable for industrial and commercial installations .
- Stainless steel: Higher cost but ideal for corrosive environments or outdoor use.
- Aluminum: Lightweight and corrosion-resistant, often slightly more expensive than galvanized steel. Tray dimensions, such as side rail height (4", 5", 6", 7") and width, also influence pricing, with larger or heavier-duty trays costing more .
